(A portion of 37-00004 owned by Elmar Grabher)
Our File No.: 000059

Dear Lee:

Enclosed you will find copies of the Quitclaim Deed from Elmar and Rigmor Grabher to my clients, Henry and Janne Burdick, for a portion of Water Right No. 37-00004 now numbered as 37-20616 and the transfer of Water Right No. 69589 which created this water right. Please change your records to reflect this new ownership and use the following address for Mr. and Mrs. Burdick for your billing purposes:

Henry and Janne Burdick
79450 Tom Fazio Lane S.
La Quinta, CA 92253-8008

You will note that a portion of water right now owned by Mr. and Mrs. Burdick has been reduced to 0.05 cfs and will be diverted from a well on my clients' property. Please let us know what you consider to be appropriate "lockable controlling works" for this groundwater diversion. The remaining 0.04 cfs of the portion of the water right acquired by my clients will be left in the river. It is not to be delivered into the Hiawatha Canal.

Please call me if you have any questions about this water right split and transfer. Thank you.

Sincerely yours,
